

# Liberty Marshall Chikumba

Hi I'm Liberty Marshall Chikumba I am your lecturer for Accounting. I would like to introduce myself to you. I am currently studying a Professional Post-Graduate Qualification: Company Secretarial and Governance, with the Institute of Chartered Secretaries and Administrators of Southern Africa. I love reading, especially business related articles and journals. Basically, I have a head for numbers and I am passionate about puzzle and problem solving.

## My Qualifications

Professional Advanced Qualification: Governance and Administration  
Chartered Secretaries Southern Africa

Higher Diploma: Business and Accounting Studies.

Institute of Chartered Secretaries and Administrators of Zimbabwe

## My Experience

I am currently the Accounting Lecturer at Together We Pass and I also work as a freelance Pastel Trainer and Bookkeeper.

## Why I love teaching

I love that teaching gives me the drive to keep learning, to keep discovering and asking new questions and to help students discover their own questions.

## My Studies

Very challenging as the program is much diversified in nature, as it includes Accounting, Taxation, Auditing, Governance. The course needs much self-discipline on how to plan your study program as it is a done via distance learning. However the Exposure and the knowledge it offers far exceeds the more time you spend stuck on the study desk.

## My Groups

- Accounting,
- Management Accounting
- Taxation Auditing

## Be Positive!

Your attitude has a big impact on the level of study that you get done and the effectiveness of your learning process. If you keep saying that you can't do it and won't commit to the idea of learning, attempting to study is only likely to become more difficult. Instead, focus your mind on positive outcomes and on how you can use your own individual strengths to achieve them.

More efficient than Unisa itself. Keep being the silver lining to the darkest clouds guys. Appreciate you for all that you are.

Affordable study groups, excellent support. Definitely an asset to any student!!
