THE SKILLS ACADEMY VISION & VALUES

**Permanently changing as many
lives as possible – through
accessible, quality education**

RESPECT

We treat each other with respect. We are reliable and punctual. We listen and ask questions to understand. We show our care for each other in how we speak. We don't judge people.

INTEGRITY & HONESTY

We do what we say. We say what we mean. Straight talk is the best way. We are authentic. We show up as we are. We are open. We take personal responsibility. We hold each other accountable.

GROWTH

We love learning and teaching – not only our students, but also each other. We look for opportunities to grow and develop. We give our best. We strive for personal growth. We are people-orientated and we work to create win-win situations.

CARE & COMMITMENT

We are 100% committed. We go the extra mile. When things go wrong we try and try again – we don't give up. We are committed to working things out. We show loyalty and teamwork. You can count on us to do our work properly. We want to deliver the best.

FAIRNESS & CONSIDERATION

We treat each other with kindness. We work towards equality. We are obsessive about fairness. We believe in acceptance. We are inclusive, just and equitable.

SERVICE & GENEROSITY

We believe in generosity. We believe in abundance, giving back and being givers. We share, we are helpful and we do what we can, with what we have, where we are.

LETTER FROM THE PRINCIPAL

Jan Badenhorst has been involved in distance learning since 1991. Jan is the founder of Skills Academy, College SA, Bellview & Matric College. He believes in changing education to make it accessible to those left behind (students who never completed school, adults & working individuals).
Per Aspera Ad Astra

Dear students, colleagues, family and friends

Let me start by congratulating the graduates. You, and those around you know how much hard work and commitment it took to arrive at this wonderful occasion.

I want you to pause and look at the world around you. Everything you see has been built and created by people just like you. The computer or phone you are using to watch this ceremony has been designed and built and improved by people just like you. The internet, the cell phone system, the app on your phone... all these things were thought out and designed and built by ordinary people... just like you.

Do not be impressed by the world around you. You can change that world. You can build new worlds, create new ideas, and change this world.

I hope that achieving your qualification is also a step in realizing that you can achieve much more. You should aim even higher. And you should decide to not only participate in this world around you, but change it. Because you can. You can do anything.

You can use the same perseverance and hard work that got you your qualification to do big things. And I hope that the process of achieving your qualification has proven to you just how much more you can do. How much higher you can aim.

You are certainly going to achieve even more in this life.

In truth, you have proven to yourself that there is nothing you cannot achieve.

Enjoy this moment. This is your victory; your achievement. And yes, you certainly deserve it!

Congratulations, and all the best for the next step in each of your lives.

JAN BADENHORST
PRINCIPAL OF SKILLS ACADEMY

ORDER OF PROCEEDINGS

1

WELCOMING - SHAKESPEARE MANANGAZIRA
(MASTER OF CEREMONIES)

2

CONGREGATION FORMALLY CONSTITUTED - JAN BADENHORST
(PRINCIPAL & CEO)

3

BRIEF REMARKS - ACADEMIC HEAD

4

MOTIVATIONAL ADDRESS BY A GUEST SPEAKER

5
